

- Vibratory Feeding Systems
- Auxiliary Supply Hoppers
- Escapement Mechanisms

- Modular Conveyor Systems
- Standard Flat Belt Conveyors
- Pallet Handling Systems
- Custom Conveyor Solutions
- Aluminum Framing and Machine Guarding

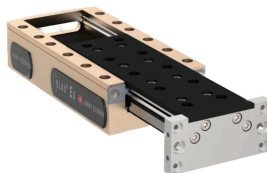

- Precision Presses
- Manually Operated Hand Presses
- Direct & Toggle Pneumatic
- Hydro-Pneumatic Presses
- Servo Controlled Units
- Force & Stroke Monitoring Capabilities

- Engineered Dispensing Systems
- Sealants & Adhesives Equipment
- Meter, Mix, & Dispense
- Single or Two Component Systems

- High Precision Electric Actuators
- Sub-Micron Accuracy & Repeatability
- Measuring, Inspecting, and Verification Capabilities

- Electro Servo Actuators
- ROBO Cylinders
- Electric Linear, Rotary, Gripper Units
- Cartesian & Gantry Systems
- SCARA Robots

- Dial Index
- Right Angle Index
- Parallel Index
- High Accuracy & Torque
- Precision Link Conveyors

- Auto-Feed Screwdriving Systems
- DC Torque & Angle Control
- Auto-Feed Nut Driving
- Hand-held Systems

- Orbital Riveting Equipment
- Single/Multi-point Heads
- Slimline Modular Units
- Optional Process Controls

- Plastic Thermal Assembly Systems
- Heat Staking Machines
- Thermal Insertion Devices
- Hot-Knife Degating Applications
- Ultrasonic Welding Machines
